## Well Site Information
Section  
Township  
Range

### MINIMUM DISTANCE FROM WELL TO NEAREST
(check off or fill in) or (complete all those applicable with distances)

- Abandoned well: 200 ft.
- Pits, crawl spaces, basements: 5 ft.
- Septic tank: 50 ft.
- Seepage field: 75 ft.
- Aeration tank: 50 ft.
- Sewer - water tight joints: 10 ft.
- Sewer - non-water tight joints: 50 ft.
- Barnyard: 50 ft.
- Manure Pile: 75 ft.
- Ponds: 25 ft.
- Fuel storage tank: 200 ft.
- Closed loop well(s): 200 ft.
  - Same owner: 75 ft.
  - Horizontal piping: 25 ft.

### DRILLED WELL CONSTRUCTION
(fill in)

- Drill hole depth: ft.
- Drill hole diameter: in.
- Casing depth: ft.
- Casing diameter: in.
- Casing material:  
  [ ] steel  
  [ ] PVC
  
- Casing specifications:  
  (ASTM/NSF)

- Joints:  
  [ ] steel welded
  [ ] steel coupling
  [ ] solvent welded

- Grout: from ft. to ft.
  [ ] bentonite  
  [ ] neat cement
  
- Number of 50 lb. bags: ft.

### BORED WELL CONSTRUCTION
(fill in)

- Depth: ft.
- Borehole diameter: in.
- Casing diameter: in.
- Casing Material:  
  [ ] concrete  
  [ ] fiberglass

- Depth to top of buried slab: ft.
- Annular space filled with [ ] Yes [ ] No  
  pea gravel?

- Number of 50 lb. bentonite bags placed over buried slab: No

- Backfilled by contractor? [ ] Yes [ ] No

## PUMP INSTALLATION AND COMPLETION

- For potable use? [ ] Yes [ ] No
- Date well completed
- Casing inches above finished ground surface.
- Pitless adapter:  
  Manufacturer:  
  Model:
- Well cap:  
  Manufacturer:  
  Model:
- Permanent pump installed? [ ] Yes [ ] No
- Sampling faucet installed? [ ] Yes [ ] No
- Pressure tank size: gallons
- Well disinfected? [ ] Yes [ ] No
- Pump system disinfected? [ ] Yes [ ] No
- Sample submitted? [ ] Yes [ ] No

## WELL CONSTRUCTION COMPONENTS INSPECTED

- Installation of casing (material, joints)? [ ] Yes [ ] No
- Grouting? [ ] Yes [ ] No
- How is grout applied?
- Installation of pitless adapter? [ ] Yes [ ] No

## REMARKS

(If necessary, use separate sheet for sketch)
